- A trusted partner for sustainable growth.

Shaping the World through
Innovation, Investment,
Defence & Security,
Education, and Health Care

MESSAGE FROM THE CHAIRMAN

Welcome to Digital Empire Holding

At Digital Empire Holding, we believe innovation is the driving force behind a better future. As artificial intelligence continues to transform industries and societies, our mission is to lead this transformation through technology, education, healthcare, investment, and global collaboration. Through our ecosystem, including AI Vision Institute and AI Vision University, we are building platforms that empower future leaders, entrepreneurs, and innovators. Our vision is simple: to create sustainable impact by combining human potential with the power of artificial intelligence. We are committed to developing solutions, institutions, and opportunities that shape the next generation of progress.

As we expand our global footprint, we remain focused on one goal:

Building an intelligent future powered by innovation, education, and AI.

Thank you for being part of this journey.

Warm regards,

A. Alp ASLAN

Chairman & Founder

Digital Empire Holding

www.digitalempireholding.uk

A.Alp ASLAN | Leo Lion

Chairman of the Board of Directors

Abdullah Alp ASLAN is a software engineer, AI expert, inventor, and entrepreneur with over 25 years of international experience in artificial intelligence, software engineering, and emerging technologies. He has led numerous innovation projects, holds multiple technology patents, and has served in leadership roles within major international organizations.

Currently pursuing advanced studies in Artificial Intelligence at the University of Oxford, ASLAN is the Founder and Chairman of Digital Empire Holding, AI Vision Institute, and AI Vision University. His vision is to advance global innovation, education, and AI-driven transformation through world-class research, technology, and entrepreneurship.

Digital Empire Holding

Executive Board of Directors

The Executive Board of Directors serves as the strategic leadership body responsible for guiding the vision, mission, and long-term growth of Digital Empire Holding. The Board plays a vital role in shaping corporate strategy, ensuring alignment with global industry trends, and maintaining the highest standards of governance, accountability, and operational excellence.

Comprising experienced leaders from technology, artificial intelligence, healthcare, investment, and education sectors, the Board provides strategic insight and direction to foster innovation, sustainable growth, and global impact. United by the values of integrity, collaboration, and forward-thinking leadership, the Board is committed to positioning Digital Empire Holding as a leading force in shaping the future through technology, education, and innovation.
